Sorry, the claims look to be more toward conversion between PCM and DPCM (or ADPCM), which I would think would fit under 375/242-253.

Hi Mr. Opsasnack,

I have a case (10/661,297) in my docket which appears to be a class 704 case (subclass 212), rather than a class 375 case. Can you please take a look at it when you get a chance and let me know if I may have it transferred?

Thank you very much,
